

40th Annual Gala and Fundraiser

Association of Indian Physicians of Northern Ohio (AIPNO)

Dystonia is not merely a physical challenge; it is an affliction that extends its grasp into the emotional and psychological realms of those affected by it. With an estimated three million individuals worldwide grappling with the burden of Dystonia, and a further ten million battling its companion, Parkinson's disease, the urgency to drive change and alleviate suffering is undeniable.

In the face of this formidable challenge, the Dystonia Medical Research Foundation has emerged as a beacon of hope, committed to advancing groundbreaking research, disseminating pioneering findings, and above all, offering unwavering support to patients and caregivers through their invaluable community outreach programs. With a robust network spanning North America and extending its collaborative arm to global counterparts, the Foundation's latest endeavor aims to illuminate the lives of those in India, where awareness about dystonia and movement disorders is in dire need of elevation.

We are thrilled to invite you to the 2023 AIPNO Gala and Fundraiser, a pivotal event that will serve as a cornerstone in propelling the activities of the Dystonia Medical Research Foundation. **This evening of grandeur and unity, taking place on October 7th at the exquisite Marriott East in Beachwood, Ohio**, promises not only a celebration of progress but a catalyst for profound change.

The contributions you make through this gala will not only nurture the Foundation's ongoing initiatives but also power the newest mission: enhancing awareness and understanding of dystonia in India. Your support will touch lives on a global scale, rippling through countless communities, transforming health and well-being, and illuminating pathways toward a brighter future for millions worldwide.

For our local leaders and businesses, the AIPNO Gala offers an exclusive opportunity to showcase your unwavering commitment to our community. Through underwriting opportunities, you can demonstrate your dedication to driving change, and by doing so, solidify your role as a beacon of hope in our shared journey towards healing.

Moreover, this event will see the unveiling of our Annual Report, a publication that resonates with around 500 physicians practicing in our community. As a sponsor, your recognition will extend beyond the gala, and avenues for advertising in the Annual Report await those who wish to amplify their message of support.
